# **Ethos Statement**

St Catherine's is a national school under Church of Ireland management. We are committed to a Christian ethos and the upholding of the Golden Rule at all times: **Do unto others as you would have them do unto you.** We try to maintain a friendly, family-style atmosphere while encouraging the children to do their very best. We believe that all children have something valuable to contribute, and we try to provide each child with the opportunity to discover and develop his / her talents.
